Riverside Surgery - patient letter

Patient: Kiran Jain. Date of issue: 22 September 2026.

Summary of consultation with Dr Amara Silva on 19 September 2026.

Prescription: amoxicillin 500mg, three times daily for seven days.

Follow-up requested in two weeks if symptoms have not settled.
If fever exceeds 38.5C, contact the surgery directly rather than waiting.

This letter is a summary and not a repeat prescription.
